## Camp Philosophy

Campers will learn to *read the game* better and make proper decisions **regardless** of the difficult game situations. The staff stresses the **Dutch** style of attacking from all positions, stressing movement of players off the ball.

The staff **understands** the experience, skills, attitude, mentality, physical stamina, and motivational psychology that individuals need to become excellent prospects for their teams.

Players will be taught under Coach Mukhtar's **tradition** of discipline, strong work ethic, motivation, and the competitive drive to encourage players to reach their potential.

## Camp Staff

**Coach Thair Mukhtar** will be present and supervising all sessions of the camp. His staff has been handpicked and are sure to instill his philosophies of the game throughout each day.

**High school coaches** from various schools will be present and coaching at all sessions.

Each camper will be trained in fundamentals and tactical aspects by current or former **NCAA college players**. An important aspect of learning will be a hands-on approach by these college stars.

Goalkeepers will be trained in fundamental aspects by current **NCAA goaltenders**.

A **sports trainer** will be on site at all times for injuries and questions campers may have.
